

Pathway Target Audience Tab

Target Audience: Org Condition

The purpose of the Org Condition is to add a learner based on their location in the Organisation Structure.

Follow the steps illustrated in this section to add a learner based on the Org Condition.

Use the radio buttons to select which condition to use to add employees on the Target Audience. An employee can be included in the Target Audience based on Org OR their Position OR Employee Number OR by means of a manual Target Audience. If more flexibility is required, a combination of all of the conditions can be used to create the Target Audience for this pathway.

Target Audience: Employee Condition

The purpose of the Employee Condition is to add any learner within the Organisation.

Follow the steps illustrated in this section to add a learner based on the Employee Condition.

The screenshot displays a web interface for configuring a Target Audience. At the top, a light blue box contains instructional text: "Use the radio buttons to select which condition to use to add employees on the Target Audience. An employee can be included in the Target Audience based on Org OR their Position OR Employee Number OR by means of a manual Target Audience. If more flexibility is required, a combination of all of the conditions can be used to create the Target Audience for this pathway." Below this, four radio buttons are visible: "Org", "Position", "Employee", and "Manual". The "Employee" radio button is selected and highlighted with a red rectangle and a red circle containing the number "1". Below the radio buttons, the text "Filter Status: Selection condition applied" is shown. A row of four buttons follows: "Clear All Target Audiences" (dark blue), "Send Notifications" (light blue), "Refresh Target Audience" (dark blue), and "Who is on the target audience?" (light blue). Below these buttons is a search bar with the label "Search", a text input field, a "Q Search" button (dark blue), and a "Clear" button (light blue). Below the search bar are two buttons: "Add" (dark blue) and "Delete" (red). At the bottom, a yellow box contains a red circle with the number "2" and the text "Nodes have been found for your search criteria .".

1. Click on the **Employee Condition** radio button.
2. Click on the **Add** button. The **Employee Search** screen opens.

1
Employees loaded as part of any target audience (org, position, employee or manual) will be included in the final result set. If e.g. an employee is excluded because of a condition in the Manual target audience but included in the Employee Target Audience, the employee would be included in the final result set. Please note that all four target audiences work together to arrive at the final set.

Use the radio buttons to select which condition to use to add employees on the Target Audience. An employee can be included in the Target Audience based on Org OR their Position OR Employee Number OR by means of a manual Target Audience. If more flexibility is required, a combination of all of the conditions can be used to create the Target Audience for this pathway.
