How to Generate a Shareable a Pathway Link

System Administration

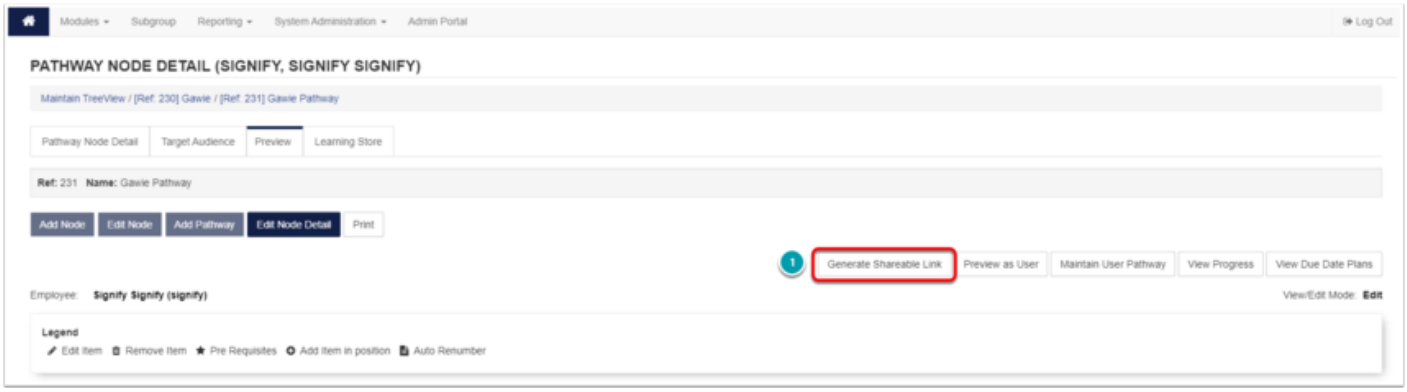

How to get there?

Navigate to System Administration (1), then with you cursor hove over Modules (2) | e-Learning (3) | Learning Management (4) | Maintain Learning Pathway (5) | Edit the pathway | Select the pathway Preview tab.

What to do?

On the pathway preview tab you can select Generate Shareable Link (1).

When you select the Generate Shareable Link button a new page opens with a link that can be copied ant send to other users.

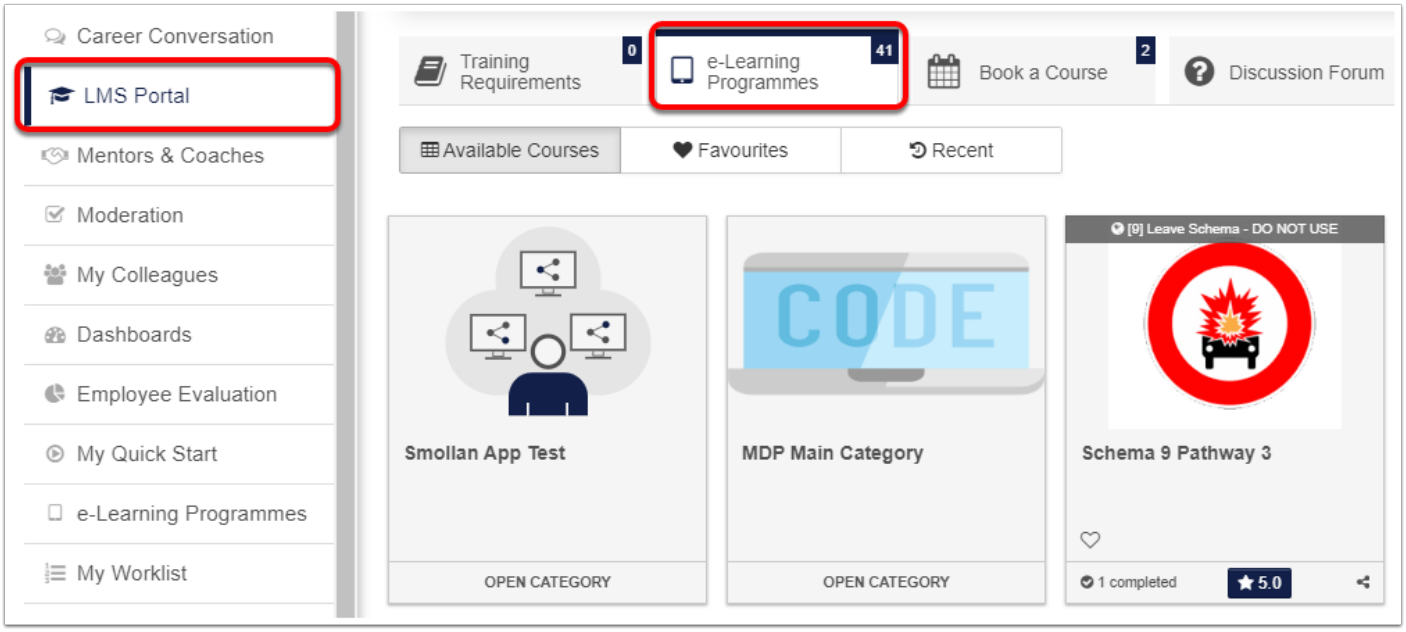

Note: A user will only have access to the pathway if loaded on the Target Audience (if applicable), and is logged into the system. If the user is not logged in, the login screen will be displayed.

LMS Portal

How to get there?

Navigate to LMS Portal (1), then select the e-Learning Programmes tab (2)

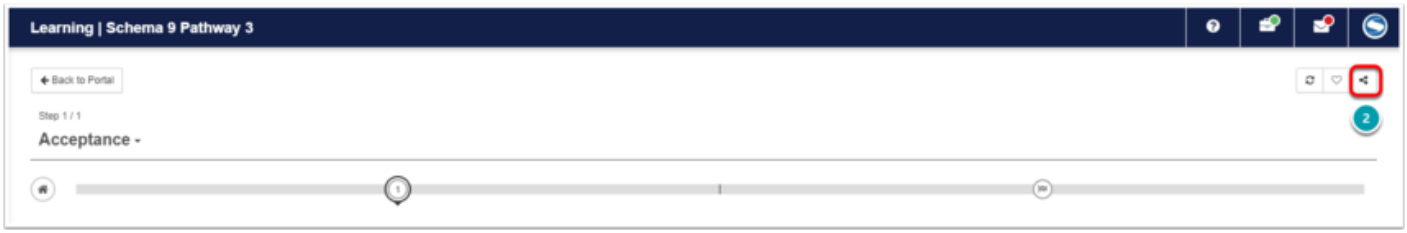

What to do?

On the pathway select the share icon (1).

OR

Open the pathway and select the share icon (2) inside that pathway.

When you select the share button a new page opens with a link that can be copied ant send to other users.

> **Note:** A user accessing the link will be requested to log in, if not already logged in. Access to the pathway is dependent on relevant permissions.
