

# Manager Perspective

The manager has the ability to request leave from the Leave Portal. The leave history, summary, calendar and leave balance are available for the manager to view.

See Leave: Employee Perspective as reference

## Leave Portal

The Leave Portal for the Employee and Manager has only 3 differences.

- 1. A manager can apply on behalf of an employee for leave.
- 2. The manager actions the employee requests.
- 3. The manager can see his employee's leave calendar.
