The Performance Management Dashboard for Employees

Every employee, forming part of the Performance Management process, gets access to their own Performance Management Dashboard. This dashboard is a high-level summary of an employee's Performance Contracts. Normally, an employee can have one performance contract for any given performance cycle.

There are however differences between what an employee can do from his/her dashboard, and what managers can do from theirs. The manager's dashboard is discussed in the following pages.

Employee's Performance Management Dashboard Management Dashboard

Manager's Performance Management Dashboard

Employees can perform the following tasks from the Performance Management Dashboard:

- View and/or open existing and previous performance contracts.
- Create a new contract.
- Determine the progress and next step of a performance contract phase.
- Load objectives into a Performance Agreement.
- Submit the agreement objectives for approval to a performance manager.
- Consider check-in inputs from a performance manager.
- Rate an agreement's objectives.

On top of these primary functions, the dashboard also enables a user to do the following:

- View and download documents on a contract.
- Print a copy of a contract.
- Verify if a review period is included or excluded from the overall contract score calculation.
- Determine if a subsequent phase is open or still locked.
- Determine if a contract is locked for editing e.g., if a manager forgot to unlock it when exiting.
- View the relative percentage weights of contract components.
- View the manager's feedback given during a check-in and reply as needed.

These are discussed in more detail in the following pages.

The screenshot shows the Performance Management dashboard. At the top, there is a teal header with the text 'Performance Management', a search bar, and several utility icons. Below the header, a navigation bar includes a year selector set to '2022' and two tabs: 'MY PERFORMANCE CONTRACT' (active) and 'MY TEAM IN SALARIED EMPLOYEES'. The main content area is titled 'Timeline' and features a horizontal timeline from January to December. Below the timeline, the 'My Progress' section displays two review periods. 'REVIEW PERIOD 1' is active, showing instructions for both the user and manager, and buttons for 'CHECK IN' and 'RATE'. 'REVIEW PERIOD 2' is shown as a future period ending on '31 Jul 2022' with '4 Months Remaining'. At the bottom, an 'OVERALL SUMMARY' section displays four metrics: 'Review Period 1(20%)' with a score of 0.00 and 1 check-in; 'Review Period 2(70%)' with a score of 0.00 and 0 check-ins; 'Value Survey(10%)' with a score of 0.00; and 'Overall Final Score' with a score of 0.
