

# Version 9.1.174.2 (Support Release - 24 July 2025)

## Learning Management

### Attendance History Date-Pickers (#134520)

#### Problem

- The calendar range picker shows incorrectly (without styling) on the attendance history

#### Solution

- Import the Syncfusion styles correctly to ensure the calendar range picker control renders correctly

---

## People Management

### Avatars and Profile Images settings (#134522)

#### Problem

- The Image Resources settings handling the display/upload of Avatar images were also affecting the profile image selection and upload.

#### Solution

- Removed the if check determining the display of the Profile Picture selection and upload, as this must ALWAYS be visible and not be affected by the Avatar settings.

# Tenant Management

## System Help Page cannot save (#134332)

### Problem

- Users can access the edit page for system feedback on other Rulesets

### Solution

- Prevent seeing the edit button if not on Ruleset 1
