

Version 9.1.224.3 (Support Release - 10 July 2026)

Communication Portal

Resolved: Loading containers for communication portal (#152682)

Problem

- Banners and System Alerts with nav tabs have been implemented that render for Learning Pathway topic lists which they should not

Solution

- Add new abstract methods to ensure new rules to allow render modes, split the discussion list to render a fragment, and just render in the correct place

Revision #1
