Version 9.1.41 (9 October 2023)

Report Builder

Data Dictionary field ordering & Alias renaming (#76220)

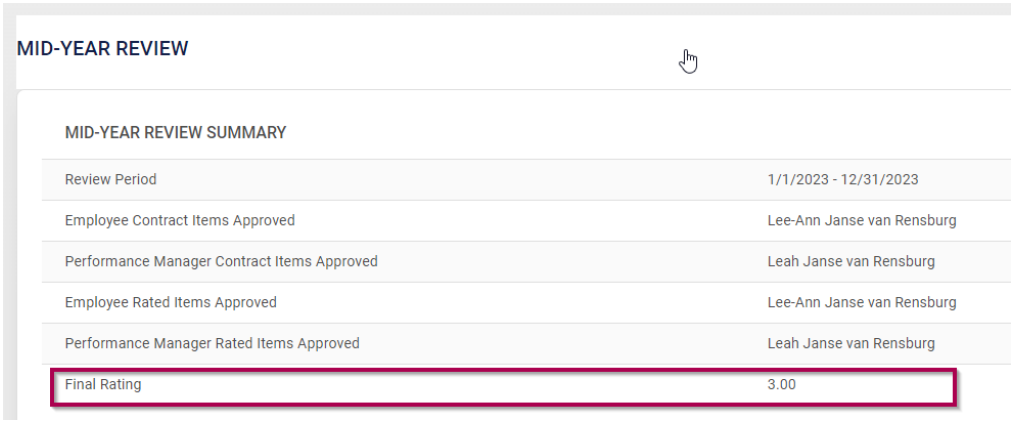

Fixed an issue where the Data Dictionary Field ordering and Alias renaming were not working on subsequent pages

Performance Management

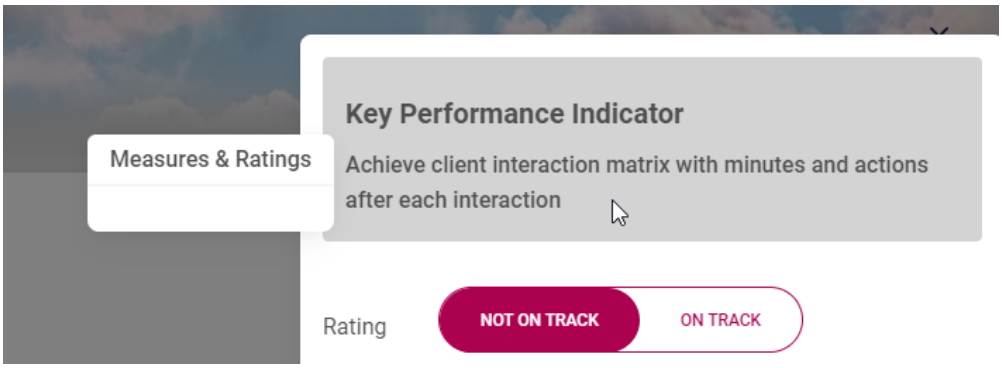

Score on the Print Preview (#108638)

Changed the score to display correctly on the print preview of the performance agreement

Display the Measures & Ratings pop-over when doing a Check-In (#108131)

Added the Measures & Ratings pop-over on the check-in modal. This is displayed when hovering over the Key Performance Indicator section when doing a check-in.

Revision #5
