

Version 9.1.50 (10 November 2023)

System Access

Corrected Ruleset Creation check and improved helper text

- Changed the helper text to explain the System Endpoint field

System Endpoint

The URL to the Additional Services e.g. https://companydomain/SignifyHR_MyCompany. This domain must be a subdomain of this ruleset's domain.

People Management

Implement API Calls

- API Calls to fetch
 - The list of People Group Users
 - People Groups linked to users
 - People Group roles
 - People Groups

Revision #2
