Version 9.1.51 (20 November 2023)

Main Dashboard

### Performance Management Widget

Fixes include:

- Indicate when ratings are completed
- Increase the widget's query date range
- Enhance the styling
- Fix the widget's action button focus styling

People Management

Add additional Reporting Rights Link (#109729)

Added the reporting rights link so that access to V8 reports can be given to a person.
