Version 9.1.55 (5 December 2023)

People Management

Country Selector (#97210)

Add the coutnry selector to the contact number when adding new people

Welcome Notification (#110621)

It now checks, erroneously, if the user for whom you are sending the welcome notification, has rights to appoint new people.

Theme Management

Load external services menu items (#110603)

Enabled the functionality so that an External Services menu item is loaded when first in the list.
