

Version 9.1.56 (5 December 2023)

Report Builder

Cannot access Report Builder (#110658)

Resolved an issue on the ReportBuilder authentication to allow a user to access the Report Builder reports without having the Data Dictionary admin role.

System Access

Third Party Providers (#89623)

When registering third party auth providers, make sure the clientid and secret is not empty or null

Revision #2
