

# Version 9.1.56 (5 December 2023)

## Report Builder

### Cannot access Report Builder (#110658)

Resolved an issue on the ReportBuilder authentication to allow a user to access the Report Builder reports without having the Data Dictionary admin role.

## System Access

### Third Party Providers (#89623)

When registering third party auth providers, make sure the clientid and secret is not empty or null
