

# Version 9.1.69 (26 February 2024)

## System Access

Fix issue where the Reset Password URL redirected to the incorrect theme (#108985)

The URL now redirects the user to the correct theme when clicking on it.

## Performance Management

Fix issue where KPI level Action Plan documents were not showing (#112290)

When adding an Action Plan for a KPI and adding documents on the Action Plan, the documents are now displayed.
