Implement a slider on the Overall Summary for more than 5 items (#104459)

Business Rules:

- There should be 5 items (incl Overall Final Score) on the screen at all times
- When the Review Periods + Review Surveys are more than 4, then a scroll is added
- There is also a "legend" to show which items are on the screen
- Always land on the current active period as the first item in the scroll, when opening the page
- This is for both Employee and Manager views
