Version 9.1.85 (6 May 2024)

Performance Management

Dashboard heading display incorrect (#114618)

- Corrected product translation when using V8 to V9 PM integration

Goals import fails due to case-sensitive matches (#114714)

Problem

- A case-sensitive check is done on the username

Solution

- Change the import to make a case-insensitive check instead

Unable to submit the Performance Agreement (#114662)

Problem

- The submit button is locked without a reason.

Solution

- Add the reason to the message when the Ratings have already been approved and the user may no longer submit to clarify
