Version 9.1.91 (3 June 2024)

People Management

Use active appointments when showing My Department users (#103485)

Problem

- The calls fail when retrieving department users and the logged-in user has multiple appointment records

Solution

- Ensured that only the logged-in user's active appointment was retrieved when retrieving department users

Upload By should be Name and Surname, not Username (#115668)

Problem

- When uploading documents, the Uploaded By shows the person's Username

Solution

- Added the person's Name & Surname instead of the Username in the Upload By column

---

Job Profiler

Changes to export of job profiles via the API with master data names (#115825)

Problem

- The Job Profiles Export via the API did not include Occupational Level

Solution

- Include the Occupational Level Master Data name in the API
